2. Code the AC3253-S form in the "PeopleSoft Format Charge Lines."
3. Translate all required information from the claim into the Accounts Payable (AP) module of the State Financial System (SFS) in accordance with established SFS guidelines, resulting in an AP voucher made payable to the appropriate county.
4. Confirm that the claim has a valid budget status and move it to the appropriate supervisor, who will electronically certify that the document has been entered accurately and complies with OSC rules and regulations governing payment. Certification of the document moves it to OSC, who will review and provide the final approval for payment.
5. The supervisor certifies the documents are returned to the processor to monitor the SFS for payment and record the payment information on the voucher.
