## 2.0 OVERVIEW

The purpose of this Request for Proposals (RFP 2022-01) entitled “Medication Assisted Treatment Program” is to secure services from qualified contractors to provide a Medication Assisted Treatment (MAT) program for Opioid Use Disorder (OUD) and Alcohol Use Disorder (AUD). The MAT contractor(s) shall perform the services in accordance with the guidance provided by OASAS and the Department of Corrections and Community Supervision (DOCCS). It is the Department’s intent to award multiple contracts from this procurement. See [Section 8.0](#) for more information on the method of award.

### 2.1 Introductory Background

The New York State Department of Corrections and Community Supervision (DOCCS) is responsible for the confinement and rehabilitation of approximately (currently) 31,000 individuals under custody held at (currently) 50 state correctional facilities (to be 44 correctional facilities as of March 31, 2022) located throughout New York State. DOCCS is responsible for the delivery of medical care to those incarcerated individuals confined to its correctional facilities. DOCCS is responsible for providing health care for incarcerated individuals within the correctional facilities 24 hours a day, 7 days a week. DOCCS seeks to make provisions for incarcerated individuals to receive comprehensive MAT services in an appropriate setting within secure correctional facilities.

On October 7, 2021, Governor Kathy Hochul signed multiple pieces of legislation intended to combat drug-related overdose deaths across New York State and to help people currently suffering from addiction to seek help. More information regarding this can be found at <https://www.governor.ny.gov/news/governor-hochul-signs-legislation-package-combat-opioid-crisis>.

The expanded MAT program is new to DOCCS, and the actual number of patients is difficult to predict. It is DOCCS’ intent to have MAT services in a majority of correctional facilities by October 1, 2022. At the onset of this contract, DOCCS estimates approximately 1,000 incarcerated individuals will be receiving a MAT medication statewide. The future number of incarcerated individuals eligible for participation in the MAT program is projected to be approximately 8,000 statewide, based on extrapolated data from research conducted in other correctional settings. These are estimates only. Actual patient numbers may be higher or lower.

It should be noted that Appendix A (**Attachment 8**), “Standard Clauses for New York State Contracts,” contains important information related to the contract to be entered into as a result of this RFP and will be incorporated, **without change or amendment**, into the contract entered into between DOCCS and the successful Bidder. The determination of which medication will be provided to each patient shall be made by a joint decision between the patient and the physician or prescriber.

Discharge Planning and Transfer Services: The contractor will manage the discharge planning process for the patients on MOUD/AUD treatment. In addition to returning the patient to a provider of medication in the community, this includes assisting with connecting the patient to appropriate community support. Psycho-Behavioral Counseling: The provider chosen as a result of this solicitation will be expected to provide supportive psycho-behavioral counseling as deemed appropriate to participants in the MOUD program in a group or individual setting for at least one hour per week. - Any other additional security or other requirements set forth by the Correctional Facility.

Absent employees performing services, no other Contractor employee, including the liaison(s), will be granted access to DOCCS Correctional Facilities without the explicit approval of the Contract Manager located in Central Office's Division of Health Services.

The Contractor will conduct recruitment, organization and training efforts that will provide an adequate number of appropriately trained and qualified staff to successfully carry out all tasks and deliverables.

If Subcontracting is needed for the contractor to perform any of the duties outlined in this RFP, the Contractor will provide a description as to how they intend to utilize Subcontractors.

One month prior to work startup, or when replacing staff, all resumes for both Contractor and Subcontractor staff will be forwarded to the attention of the DOCCS MAT Coordinator, for review prior to the start of work. DOCCS reserves the right to reject any proposed personnel, upon the initial review of their resume.

#### **4.7.3 Mandatory Training**

All Contractor and Subcontractor employees who provide services within a DOCCS correctional setting will be required to attend DOCCS trainings sessions. Training sessions will include, but may not be limited to, facility-related security training, Prison Rape Elimination Act, and Maintaining Professional Boundaries. All trainings will occur at the Correctional Facility where the employees are expected to provide services and all trainings will be given at the discretion of the Correctional Facility.

The Contractor will be required to provide HIPAA training to each staff member prior to providing services to DOCCS incarcerated individuals. The Contractor will also be required to provide documentation to the DOCCS Director of Health Services, Operations and Management, or their designee, demonstrating the training was completed.

Annucci (**Attachment 17**). DOCCS has zero tolerance for sexual abuse and sexual harassment. All reports of sexual abuse and sexual harassment must be reported to the Correctional Facility Watch Commander for referral and investigation in accordance with Department Policy.

With this in mind, it is imperative that each Contracted staff member, complete, date and sign any and all training forms acknowledging receipt and confirming your understanding of your responsibilities under these policies. Once completed it should be returned to the attention of the DOCCS Health Services Director or designee.

It is the responsibility of the Contractor to see that all employees are aware of the directives cited above and all other applicable rules and regulations of the Department and that all applicable training is completed. Copies of all relevant parts of the Department's Employee Rule Book will be made available to the Contractor.

## **4.8 Reporting/Record Keeping**

The contractor will submit a MAT Implementation Plan (Plan) no later than thirty days prior to the start of the implementation date to obtain approval by the DOCCS. The Plan will provide a schedule for assuming MAT activities from the previous vendor (if applicable). This Plan is subject to the review and approval of the DOCCS and may be amended as required by the DOCCS. The contractor will begin the MAT program in the specified region they are awarded on or about October 1, 2022.

## 4.10 Information Technology/Electronic Interface

The contractor is expected to have (or make available) an electronic order entry and results-reporting capability that is accessible to DOCCS. The contractor's electronic ordering system needs to be compatible with DOCCS Network, Hardware, and Software. Further details will be provided to tentative awardee.

The contractor will be required to provide appropriate DOCCS staff (estimated between 1,500 – 2,000 employees) with web access to their database frontend.

The application and all systems and components supporting it, including but not limited to any forms and databases that include Personal Health, Personal Identification or other New York State information, must comply with all NYS security policies and standards listed at <http://its.ny.gov/tables/technologypolicyindex.htm>. See [Section 4.11 Security](#).

In addition, DOCCS has a long-term goal to implement software for electronic medical records. It is expected that the contractor will be able to work with various electronic medical record software.

## 4.11 Security

The Contractor shall comply with all privacy and security policies and procedures of the Department (<https://its.ny.gov/eiso/policies/security>) and applicable state and federal law and administrative guidance with respect to the performance of this contract.

The Contractor is expected to provide secure and confidential backup, storage and transmission for hard copy and electronically stored information. All DOCCS data must be stored within the continental United States. Under no circumstances will any records be released to any person, agency, or organization without specific written permission of the DOCCS. The Contractor is obligated to ensure any Subcontractor hired by Contractor who stores, processes, analyzes, or transmits data on behalf of Contractor has the appropriate security requirements in place and must be approved by DOCCS. If any breach or suspected breach of the data or confidentiality occurs, whether the breach occurred with the Contractor or Subcontractor, DOCCS must be notified immediately. If a vendor responsible security breach occurs, the vendor is responsible for developing a DOCCS approved resolution plan and implementing at the vendor's expense.

The contractor is required to maintain and provide to the DOCCS, prior to the start of work and upon request, their data confidentiality plans and procedures for meeting security requirements as they relate to the deliverables and services within this RFP, including all plans as they relate to subcontractor work where applicable.

The contractor will develop and maintain adequate fully trained staff to respond to all stakeholder inquiries while protecting confidentiality and maintaining the security and integrity of all systems. Staff must be trained to understand and observe requirements related to confidentiality and operating guidelines for functions included in this RFP.

The Contractor will comply fully with all current and future updates of the security procedures of the DOCCS and NYS Information Technology Services, as well as with all applicable state and federal requirements, in performance of this contract.

#### **4.12 Transition**

The transition represents a period when the current contract activities performed by the Contractor must be turned over to the DOCCS, another DOCCS agent or successor Contractor during or at the end of the contract.

The Contractor shall ensure that any transition to the DOCCS, DOCCS agency or successor Contractor be done in a way that provides the DOCCS with uninterrupted services. This includes, but is not limited to, a complete and total transfer of all data, files, reports, and records generated from the inception of the contract through the end of the contract, in a current, standard electronic format, to the DOCCS or another DOCCS agent or successor Contractor should that be required during or upon expiration of its contract.

The contractor shall provide technical and business process support as necessary and required by the DOCCS to transition and assume contract requirements to the DOCCS or another DOCCS agent should that be required during or at the end of the contract.

The contractor shall manage and maintain the appropriate number of staff to meet all requirements listed in the RFP during the transition. All reporting and record requirements, security standards, and performance standards are still in effect during the transition period.

The contractor is required to develop a work plan and timeline to securely and smoothly transfer any data and records generated from the inception of the contract through the end of the contract to the DOCCS or another DOCCS agent or successor contractor should that be required during or upon expiration of its contract. The plan and documentation must be submitted to the DOCCS no later than four (4) months before the last day of its contract with DOCCS or upon request of the DOCCS.

### **5.0 ADMINISTRATIVE INFORMATION**

The following administrative information will apply to this RFP. Failure to comply fully with this information may result in disqualification of your proposal.

#### **5.1 Restricted Period**

“Restricted period” means the period of time commencing with the earliest written notice, advertisement, or solicitation of a Request for Proposals (“RFP”), Invitation for Bids (“IFB”), or solicitation of proposals, or any other method for soliciting a response from Bidders intending to result in a procurement contract with DOCCS and ending with the final contract award and approval by DOCCS and, where applicable, final contract approval by the Office of the State Comptroller.

This prohibition applies to any oral, written, or electronic communication under circumstances where a reasonable person would infer that the communication was intended to influence this procurement. Violation of any of the requirements described in this section may be grounds for a determination that the bidder is non-responsible and therefore ineligible for this contract award. Two (2) violations within four (4) years of the rules against impermissible contacts during the “restricted period” may result in the violator being debarred from participating in DOCCS procurements for a period of four (4) years.

Pursuant to State Finance Law §§ 139-j and 139-k, the Department of Corrections and Community Supervision identifies a designated contact on face page of this RFP to whom all communications attempting to influence this procurement must be made.

#### **5.2 Questions**

There will be an opportunity available for submission of written questions and requests for clarification with regard to this RFP. All questions and requests for clarification of this RFP should cite the particular RFP section and paragraph number where applicable and must be submitted via email to [doccscontracts@doccs.ny.gov](mailto:doccscontracts@doccs.ny.gov). It is the bidder's responsibility to ensure that email containing written questions and/or requests for clarification is received at the above address no later than the Deadline for Submission of Written Questions as specified in

[Section 1.0](#) (Calendar of Events). Questions received after the deadline may **not** be answered.

### 5.3 Right to Modify RFP

DOCCS reserves the right to modify any part of this RFP, including but not limited to, the date and time by which proposals must be submitted and received by DOCCS, at any time prior to the Deadline for Submission of Proposals listed in [Section 1.0](#) (Calendar of Events). Modifications to this RFP shall be made by issuance of amendments and/or addenda.

Prior to the Deadline for Submission of Proposals, any such clarifications or modifications as deemed necessary by DOCCS will be posted to the DOCCS website.

If the bidder discovers any ambiguity, conflict, discrepancy, omission, or other error in this RFP, the Bidder shall immediately notify DOCCS of such error in writing to [doccscontracts@doccs.ny.gov](mailto:doccscontracts@doccs.ny.gov) and request clarification or modification of the document.

If, prior to the Deadline for Submission of Proposals, a bidder fails to notify DOCCS of a known error or an error that reasonably should have been known, the bidder shall assume the risk of proposing. If awarded the contract, the bidder shall not be entitled to additional compensation by reason of the error or its correction.

### 5.4 Payment

Any payment made by DOCCS to the Contractor will be made through direct payment upon submission of billing invoices. Compensating balances will not be employed. Contractor must provide complete and accurate billing invoices to DOCCS in order to receive payment. Billing invoices submitted to DOCCS on a standard voucher must contain all information and supporting documentation. Specific invoicing schedules will be determined mutually between DOCCS and the Contractor after notice of contract award. Payment for invoices submitted (if applicable) by the Contractor shall only be rendered electronically unless payment by paper check is expressly authorized by the Commissioner, in the Commissioner's sole discretion, due to extenuating circumstances. Such electronic payment shall be made in accordance with ordinary State procedures and practices. The Contractor shall comply with the State Comptroller's procedures to authorize electronic payments. Authorization forms are available at the State Comptroller's website at <https://www.osc.state.ny.us/state-vendors>, by email at [epunit@osc.state.ny.us](mailto:epunit@osc.state.ny.us) or by telephone 518-474-4032. **Vendor acknowledges that it will not receive payment on any invoices submitted under this contract if it does not comply with the State Comptroller's electronic payment procedures, except where the Commissioner has expressly authorized payment by paper check as set forth above.** Every contractor doing business with the State of New York is required to be a registered vendor with the Office of the State Comptroller's Vendor Management Unit. For contracts to be approved and executed by both DOCCS and the Office of the State Comptroller, a contractor must be registered within the Statewide Financial Management System (SFS). If the awardee does not already have a NYS Vendor ID number, upon contract award notice, the contractor must submit a substitute W-9 to DOCCS. This information will allow DOCCS to request the addition of the contractor within the SFS. If the contractor is already a registered vendor within the SFS, the contractor shall provide the assigned vendor identification number upon request. Instructions regarding invoice submission will be provided to the vendor after notice of contract award.

#### 5.4.1 Payment terms:

Payment for services rendered in accordance with the terms and conditions specified in this RFP and to the satisfaction of the DOCCS are to be paid based on the RFP, [Section 4.0](#) Scope of Work, [Section 6.3](#) Cost Proposal, and **Attachment 15** Cost Proposal.

Payment is conditional upon DOCCS' acceptance of the invoice and any applicable reports. Payments will be based on actuals.

#### 5.4.2 Billing:

Invoices will be submitted for payment to each correctional facility where services were performed. Monthly invoices will be paid in arrears and be based on a per unduplicated patient intake each month, pro-rating any services provided to a patient that are less than a full month.

All compensation that will be paid to the vendor is set forth in the awarded contractor's proposal.

Throughout the term of this agreement, vendor will be reimbursed only for actual and necessary expenses for services actually performed in accordance with this agreement.

Vendor will submit an invoice to DOCCS on a monthly basis within 30 days of the final day of the month being billed. Vendor will bill at the rate set forth in their proposal for each region bid on for reimbursement of actual and necessary expenses during that period. All reimbursement claims should be submitted and will be subject to future audit. DOCCS reserves the right to disallow any requests for reimbursement if it is determined that said costs are not either actual or necessary.

Invoices must contain all information and supporting documentation required by the Contract, DOCCS and OSC. Payment will be based on an invoice used in the provider's normal course of business. Each invoice must be itemized and include the following information:

1. A unique invoice number
2. NYS Contract number
3. Provider name
4. Federal ID#
5. SFS Vendor ID
6. Amount charged
7. Date(s) of service
8. Name and DOCCS Department Identification Number (DIN) of each patient treated

Invoices without the above stated information will be returned to Contractor to be completed as required above. Payment will not be issued and will not be due and owing until a corrected invoice is received and approved by DOCCS.

The vendor will send the invoice to each correctional facility. The monthly patient count will be verified by the facility.

#### 5.5 Price Adjustment

Price shall remain firm for the first year. Thirty days prior to each anniversary date of the award, the Contractor may request a rate change (increase or decrease) based upon fluctuations in the latest published copy of the Consumer Price Index for all urban consumers as published by the U.S. Department of Labor, Bureau of Labor Statistics, Washington, D.C. 20212. (**Specifically - Northeast Urban, Not Seasonally Adjusted, Services, Series ID: CUUR0100SAS**). The index is also available through the Internet at the US Bureau of Labor Statistics web site at [www.bls.gov](http://www.bls.gov).

If during the time the Price Adjustment is requested, and the above series ID is discontinued or not available, the State reserves the right to implement another applicable index.

Price adjustments using the CPI involve changing the base payment by the percent change in the level of the CPI between the reference period and a subsequent time period. This is calculated by first determining the index point change between the two periods and then the percent change. The price adjustment shall be calculated as follows. Take the CPI for the 3<sup>rd</sup> month prior to the month of the start date of the awarded contract and subtract this figure from the CPI value for the 3<sup>rd</sup> month prior to the anniversary date of the awarded contract. (e.g.: If contract begins in June, use the March CPI) That sum is then divided by the CPI value for the original 3<sup>rd</sup> month prior to start date and this result is then multiplied by 100 to equal the percent change which

is the price adjustment value. This percentage of increase or decrease shall be applied to the next contract year, effective on the anniversary date of the contract. The following example illustrates the computation of percent change:

*Example (fictitious):*

CPI for current period	136.0
Less CPI for previous period	129.9
Equals index point change	6.1
Divided by previous period CPI	129.9
Equals	0.047
Result multiplied by 100	0.047 x 100
Equals percent change	4.7

The Contractor has the sole responsibility to submit invoices at the adjusted rate on the applicable anniversary date and shall provide a copy of the index and other supporting documentation necessary to support the increase or decrease to DOCCS, as appropriate. Should the Contractor fail to submit adjusted invoices and/or supporting documentation within three (3) months after the applicable anniversary date, the Contractor shall be deemed to have waived its right to any increase in price for that year, but the State shall not be barred from making the appropriate adjustment in the case of a decrease determined in accordance with the above methodology.

## **5.6 Minority & Woman-Owned Business Enterprise Requirements**

Pursuant to New York State Executive Law Article 15-A, the New York State Department of Corrections and Community Supervision recognizes its obligation to promote opportunities for maximum feasible participation of certified minority-and women-owned business enterprises and the employment of minority group members and women in the performance of DOCCS contracts.

In 2006, the State of New York commissioned a disparity study to evaluate whether minority and women-owned business enterprises had a full and fair opportunity to participate in state contracting. The findings of the study were published on April 29, 2010, under the title "The State of Minority and Women-Owned Business Enterprises: Evidence from New York" ("Disparity Study"). The report found evidence of statistically significant disparities between the level of participation of minority-and women-owned business enterprises in state procurement contracting versus the number of minority-and women-owned business enterprises that were ready, willing and able to participate in state procurements. As a result of these findings, the Disparity Study made recommendations concerning the implementation and operation of the statewide certified minority- and women-owned business enterprises program. The recommendations from the Disparity Study culminated in the enactment and the implementation of New York State Executive Law Article 15-A, which requires, among other things, that DOCCS establish goals for maximum feasible participation of New York State Certified minority- and women – owned business enterprises ("MWBE") and the employment of minority groups members and women in the performance of New York State contracts.

### **Business Participation Opportunities for MWBEs**

For purposes of this solicitation, DOCCS hereby establishes an overall goal of **0%** for MWBE participation, **0%** for Minority-Owned Business Enterprises ("MBE") participation and **0%** for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs and outreach efforts to certified MWBE firms). A contractor ("Contractor") on the subject contract ("Contract") must document good faith efforts to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of the Contract and Contractor agrees that DOCCS may withhold payment pending receipt of the required MWBE documentation. For guidance on how DOCCS will determine "good faith efforts," refer to 5 NYCRR §142.8.

The directory of New York State Certified MWBEs can be viewed at: <https://ny.newnycontracts.com>. The directory is found in the upper right-hand side of the webpage under "Search for Certified Firms" and accessed by clicking on the link entitled "MWBE Directory". Engaging with firms found in the directory with like product(s) and/or service(s) is strongly encouraged, and all communication efforts and responses should be well documented.

By submitting a bid, a bidder agrees to complete an MWBE Utilization Plan (**Attachment 5, Form #1**) of this RFP. DOCCS will review the submitted MWBE Utilization Plan. If the plan is not accepted, DOCCS may issue a notice of deficiency. If a notice of deficiency is issued, Bidder agrees that it shall respond to the notice of deficiency within seven (7) business days of receipt. DOCCS may disqualify a Bidder as being non-responsive under the following circumstances:

- a) If a Bidder fails to submit a MWBE Utilization Plan;
- b) If a Bidder fails to submit a written remedy to a notice of deficiency;
- c) If a Bidder fails to submit a request for waiver (if applicable); or
- d) If DOCCS determines that the Bidder has failed to document good-faith efforts;

The Contractor will be required to attempt to utilize, in good faith, any MBE or WBE identified within its MWBE Utilization Plan, during the performance of the Contract. Requests for a partial or total waiver of established goal requirements made subsequent to Contract Award may be made at any time during the term of the Contract to DOCCS but must be made no later than prior to the submission of a request for final payment on the Contract.

The Contractor will be required to submit a Contractor's Quarterly M/WBE Contractor Compliance & Payment Report to the DOCCS, by the 10<sup>th</sup> day following each end of quarter over the term of the Contract documenting the progress made toward achievement of the MWBE goals of the Contract.

If the Contractor is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth in the Contract, such finding will constitute a breach of Contract and DOCCS may withhold payment from the Contractor as liquidated damages.

Such liquidated damages shall be calculated as an amount equaling the difference between: (1) all sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals; and (2) all sums actually paid to MWBEs for work performed or materials supplied under the Contract.

New York State certified Minority- and Women-Owned Businesses (M/WBE) may request that their firm's contact information be included on a list of M/WBE firms interested in serving as a subcontractor for this procurement. The listing will be publicly posted on the Department's website for reference by the bidding community. A firm requesting inclusion on this list should send contact information and a copy of its NYS M/WBE certification to [doccscontracts@doccs.ny.gov](mailto:doccscontracts@doccs.ny.gov) before the Deadline for Questions as specified in [Section 1.0](#) (Calendar of Events). Nothing prohibits an M/WBE Vendor from proposing as a prime contractor.

**Please Note: Failure to comply with the foregoing requirements may result in a finding of non-responsiveness, non-responsibility and/or a breach of the Contract, leading to the withholding of funds, suspension or termination of the Contract or such other actions or enforcement proceedings as allowed by the Contract.**

## **5.7 Equal Employment Opportunity (EEO) Reporting**

By submission of a bid in response to this solicitation, the Bidder agrees with all of the terms and conditions of Appendix A including Clause 12 - Equal Employment Opportunities for Minorities and Women. Additionally, the successful bidder will be required to certify they have an acceptable EEO (Equal Employment Opportunity) policy statement in accordance with **Attachment 5, Form #5**.

Further, pursuant to Article 15 of the Executive Law (the "Human Rights Law"), all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor and sub-contractors will not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex,

national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

The Contractor is required to ensure that it and any subcontractors awarded a subcontract over \$25,000 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work"), except where the Work is for the beneficial use of the Contractor, undertake or continue programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, equal opportunity shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, and rates of pay or other forms of compensation. This requirement does not apply to: (i) work, goods, or services unrelated to the Contract; or (ii) employment outside New York State.

To ensure compliance with this section, the Bidder should submit with the bid or proposal an Equal Employment Opportunity Staffing Plan (**Attachment 5, Form #4**) identifying the anticipated work force to be utilized on the Contract. Additionally, the Bidder should submit a Minority and Women-Owned Business Enterprises and Equal Employment Opportunity Policy Statement (**Attachment 5, Form #5**), to DOCCS with their bid or proposal.

### **5.8 Sales and Compensating Use Tax Certification (Tax Law, § 5-a)**

Section 5-a of the Tax Law, as amended, effective April 26, 2006, requires certain contractors awarded state contracts for commodities, services and technology valued at more than \$100,000 to certify to the Department of Tax and Finance (DTF) that they are registered to collect New York State and local sales and compensating use taxes. The law applies to contracts where the total amount of such contractors' sales delivered into New York State are in excess of \$300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made, and with respect to any affiliates and subcontractors whose sales delivered into New York State exceeded \$300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made.

This law imposes upon certain contractors the obligation to certify whether or not the contractor, its affiliates, and its subcontractors are required to register to collect state sales and compensating use tax and contractors must certify to DTF that each affiliate and subcontractor exceeding such sales threshold is registered with DTF to collect New York State and local sales and compensating use taxes. The law prohibits the State Comptroller, or other approving agencies, from approving a contract awarded to an offerer meeting the registration requirements but who is not so registered in accordance with the law.

The successful Bidder must file a properly completed Form ST-220-CA with the Department of Corrections and Community Supervision and Form ST-220-TD with the DTF. These requirements must be met before a contract may take effect. Further information can be found at the New York State Department of Taxation and Finance's website, available through this link: <http://www.tax.ny.gov/pdf/publications/sales/pub223.pdf>.

### **5.9 Indemnification**

Contractor shall be fully liable for the actions of its agent, employees, partners or subcontractors and shall fully indemnify and save harmless the DOCCS from suits, actions, damages and costs of every name and description relating to personal injury and damage to real or personal tangible property and intellectual property, caused by any intentional act or negligence of Contractor, its agents, employees, partners or subcontractors, without limitation; provided, however, that the Contractor shall not indemnify for that portion of any claim, loss or damage arising hereunder due to the negligent act or failure to act of the DOCCS.

**5.10 Contractor Insurance Requirements**

Prior to the commencement of the work to be performed by the Contractor hereunder, the Contractor shall file with The People of the State of New York, DOCCS, Certificates of Insurance (hereinafter referred to as "Certificates"), evidencing compliance with all requirements. Such Certificates shall be of a form and substance acceptable to DOCCS.

Contractors shall be required to procure, at their sole cost and expense, and shall maintain in force at all times during the term of any Contract resulting from this Solicitation, policies of insurance as required by this section. All insurance required by this section shall be written by companies that have an A.M. Best Company rating of "A-," Class "VII" or better. In addition, companies writing insurance intended to comply with the requirements of this section should be licensed or authorized by the New York State Department of Financial Services to issue insurance in the State of New York. DOCCS may, in its sole discretion, accept policies of insurance written by a non-authorized carrier or carriers when certificates and/or other policy documents are accompanied by a completed Excess Lines Association of New York (ELANY) affidavit or other documents demonstrating the company's strong financial rating. If, during the term of a policy, the carrier's A.M. Best rating falls below "A-," Class "VII," the insurance must be replaced, on or before the renewal date of the policy, with insurance that meets the requirements above.

The Contractor shall not take any action or omit to take any action that would suspend or invalidate any of the required coverages during the term of the Contract.

**5.10.1 General Conditions Applicable to Insurance.**

All policies of insurance required by this solicitation or any Contract resulting from this Solicitation shall comply with the following requirements:

- 1. Coverage Types and Policy Limits. The types of coverage and policy limits required from Bidders and Contractors are specified in Paragraph B Insurance Requirements below.
- 2. Policy Forms. Except as otherwise specifically provided herein or agreed to in the Contract resulting from this Solicitation, all policies of insurance required by this section shall be written on an occurrence basis.
- 3. Certificates of Insurance/Notices. Bidders and Contractors shall provide DOCCS with a Certificate or Certificates of Insurance, in a form satisfactory to DOCCS as detailed below, and pursuant to the timelines set forth in [Section 5.10.2](#) below. Certificates shall reference the Solicitation or award number and shall name The New York State Department of Corrections and Community Supervision, Harriman Campus, 1220 Washington Avenue, Albany, New York 12226-2050, as the certificate holder.

Certificates of Insurance shall:

- Be in the form acceptable to DOCCS and in accordance with the New York State Insurance Law (e.g., an ACORD certificate); Exception: **An ACORD form is not acceptable proof of New York State workers' compensation or disability benefits insurance coverage.**
- Disclose any deductible, self-insured retention, aggregate limit or exclusion to the policy that materially changes the coverage required by this Solicitation or any Contract resulting from this Solicitation;
- Refer to this Solicitation and any Contract resulting from this Solicitation by award Contract number;
- Be signed by an authorized representative of the referenced insurance carriers; and
- Contain the following language in the Description of Operations / Locations / Vehicles section: Additional insured protection afforded is on a primary and non-contributory basis. A waiver of subrogation is granted in favor of the additional insureds.

Only original documents (certificates of insurance and any endorsements and other attachments) or

electronic versions of the same that can be directly traced back to the insurer, agent or broker via e-mail distribution or similar means will be accepted.

DOCCS generally requires Contractors to submit only certificates of insurance and additional insured endorsements, although DOCCS reserves the right to request other proof of insurance. Contractors should refrain from submitting entire insurance policies, unless specifically requested by DOCCS. If an entire insurance policy is submitted but not requested, DOCCS shall not be obligated to review and shall not be chargeable with knowledge of its contents. In addition, submission of an entire insurance policy not requested by DOCCS does not constitute proof of compliance with the insurance requirements and does not discharge Contractors from submitting the requested insurance documentation.

4. **Primary Coverage.** All liability insurance policies (with the exception of Professional Liability Insurance) shall provide that the required coverage shall be primary and non-contributory to other insurance available to the People of the State of New York, the New York State Department of Corrections and Community Supervision, and their officers, agents, and employees. Any other insurance maintained by the People of the State of New York, the New York State Department of Corrections and Community Supervision, and their officers, agents, and employees shall be excess of all applicable Contractor's insurance, including any umbrella and/or excess policies, and shall not contribute with the Bidder/Contractor's insurance.
5. **Breach for Lack of Proof of Coverage.** The failure to comply with the requirements of this section at any time during the term of the Contract shall be considered a breach of the terms of the Contract and shall allow the People of the State of New York, the New York State Department of Corrections and Community Supervision, and their officers, agents, and employees to avail themselves of all remedies available under the Contract or at law or in equity.
6. **Self-Insured Retention/Deductibles.** Certificates of Insurance must indicate the applicable deductibles/self-insured retentions for each listed policy. Deductibles or self-insured retentions above \$100,000.00 are subject to approval from DOCCS. Such approval shall not be unreasonably withheld, conditioned or delayed. Bidders and Contractors shall be solely responsible for all claim expenses and loss payments within the deductibles or self-insured retentions. If the Bidder/Contractor is providing the required insurance through self-insurance, evidence of the financial capacity to support the self-insurance program along with a description of that program, including, but not limited to, information regarding the use of a third-party administrator shall be provided upon request. If the Contractor is unable to meet their obligation under any deductible, self-insured retention or self-insurance, neither the People of the State of New York nor DOCCS will be obligated to drop down to cover those amounts.
7. **Subcontractors.** Prior to the commencement of any work by a Subcontractor, the Contractor shall require such Subcontractor to procure policies of insurance as required by this section and maintain the same in force during the term of any work performed by that Subcontractor.
8. **Waiver of Subrogation.** For all liability policies (with the exception of Professional Liability Insurance) and the workers' compensation insurance required below, the Bidder/Contractor shall cause to be included in its policies insuring against loss, damage or destruction by fire or other insured casualty a waiver of the insurer's right of subrogation against The People of the State of New York, the New York State Department of Corrections and Community Supervision, and their officers, agents, and employees, or, if such waiver is unobtainable (i) an express agreement that such policy shall not be invalidated if the Contractor waives or has waived before the casualty, the right of recovery against The People of the State of New York, the New York State Department of Corrections and Community Supervision, and their officers, agents, and employees or (ii) any other form of permission for the release of The People of the State of New York, the New York State Department of Corrections and Community Supervision, and their officers, agents, and employees. A Waiver of Subrogation Endorsement shall be provided upon request. A blanket Waiver of Subrogation Endorsement evidencing such coverage is also acceptable.

9. **Additional Insured.** The Contractor shall cause to be included in each of the liability policies (with the exception of Professional Liability Insurance) required below, coverage for on-going and work and operations naming as additional insureds (via ISO coverage forms CG 20 10 04 13 and form CA 20 48 10 13, or a form or forms that provide equivalent coverage): The People of the State of New York, the New York State Department of Corrections and Community Supervision, and their officers, agents, and employees. An Additional Insured Endorsement evidencing such coverage shall be provided to DOCCS pursuant to the timelines set forth in [Section 5.10.2](#) below. A blanket Additional Insured Endorsement evidencing such coverage is also acceptable. For Contractors who are self-insured, the Contractor shall be obligated to defend and indemnify the above-named additional insureds with respect to Commercial General Liability and Business Automobile Liability, in the same manner that the Contractor would have been required to pursuant to this section had the Contractor obtained such insurance policies.
10. **Excess/Umbrella Liability Policies.** Required insurance coverage limits may be provided through a combination of primary and excess/umbrella liability policies; however, a minimum of one million dollars (\$1,000,000.00) must be primary coverage for general liability and auto liability. All Contractor's applicable insurance policies, including umbrella and excess insurance, will be primary to any insurance, self-insurance, deductible or self-insured retention of The People of the State of New York, the New York State Department of Corrections and Community Supervision, and their officers, agents, and employees. If coverage limits are provided through excess/umbrella liability policies, then a Schedule of underlying insurance listing policy information for all underlying insurance policies (insurer, policy number, policy term, coverage and limits of insurance), including proof that the excess/umbrella insurance follows form must be provided upon request.
11. **Notice of Cancellation or Non-Renewal.** Policies shall be written so as to include the requirements for notice of cancellation or non-renewal in accordance with the New York State Insurance Law. Within five (5) business days of receipt of any notice of cancellation or non-renewal of insurance, the Contractor shall provide DOCCS with a copy of any such notice received from an insurer together with proof of replacement coverage that complies with the insurance requirements of this Solicitation and any Contract resulting from this Solicitation.
12. **Policy Renewal/Expiration.** Upon policy renewal/expiration, evidence of renewal or replacement of coverage that complies with the insurance requirements set forth in this Solicitation and any Contract resulting from this Solicitation shall be delivered to DOCCS.   - For other requested documentation evidencing coverage: 15 calendar days

The Contractor is solely responsible for assuring that the requirements of the RFP are met. All subcontracts shall contain provisions specifying that the work performed by the subcontractor must be in accordance with the terms of the prime contract, and that the subcontractor specifically agrees to be bound by the confidentiality provisions set forth in the agreement between the DOCCS and the Contractor. DOCCS reserves the right to request removal of any bidder's staff or subcontractor's staff if, in DOCCS's discretion, such staff is not performing in accordance with the Agreement. Subcontractors whose contracts are valued at or above \$100,000 will be required to submit the Vendor Responsibility Questionnaire upon selection of the prime contractor.

**5.12 DOCCS's Reserved Rights**

6. Use proposal information obtained through site visits, management interviews and the state's investigation of a bidder's qualifications, experience, ability or financial standing, and any material or information submitted by the bidder in response to the agency's request for clarifying information in the course of evaluation and/or selection under the RFP;
7. Prior to the bid opening, amend the RFP specifications to correct errors or oversights, or to supply additional information, as it becomes available;
8. Prior to the bid opening, direct bidders to submit proposal modifications addressing subsequent RFP amendments;
9. Change any of the scheduled dates;
10. Eliminate any mandatory, non-material specifications that cannot be complied with by all of the prospective bidders;
11. Waive any requirements that are not material;

12. Negotiate with the successful bidder within the scope of the RFP in the best interest of the state;
13. Conduct contract negotiations with the next responsible bidder, should the Department be unsuccessful in negotiating with the selected bidder;
14. Utilize any and all ideas submitted in the proposals received;

16. Require clarification at any time during the procurement process and/or require correction of arithmetic or other apparent errors for the purpose of assuring a full and complete understanding of an offerer's proposal and/or to determine an offerer's compliance with the requirements of the solicitation.

### 5.13 Freedom of Information Law ("FOIL")

All proposals may be disclosed or used by DOCCS to the extent permitted by law. DOCCS may disclose a proposal to any person for the purpose of assisting in evaluating the proposal or for any other lawful purpose. All proposals will become State agency records, which will be available to the public in accordance with the Freedom of Information Law. **Any portion of the proposal that a Bidder believes constitutes proprietary information entitled to confidential handling, as an exception to the Freedom of Information Law, must be clearly and specifically designated in the proposal as directed in [Section 6.1.2](#) of the RFP.** If DOCCS agrees with the proprietary claim, the designated portion of the proposal will be withheld from public disclosure. Blanket assertions of proprietary material will not be accepted, and failure to specifically designate proprietary material may be deemed a waiver of any right to confidential handling of such material.

### 5.14 Lobbying

Chapter 1 of the Laws of 2005, as amended by Chapter 596 of the Laws of 2005, made significant changes as it pertains to development of procurement contracts with governmental entities. The changes included:

- a) made the lobbying law applicable to attempts to influence procurement contracts once the procurement process has been commenced by a state agency, unified court system, state legislature, public authority, certain industrial development agencies and local benefit corporations;
- b) required the above-mentioned governmental entities to record all contacts made by lobbyists and contractors about a governmental procurement so that the public knows who is contacting governmental entities about procurements;
- c) required governmental entities to designate persons who generally may be the only staff contacted relative to the governmental procurement by that entity in a restricted period;
- d) authorized the New York State Commission on Public Integrity, (now New York State Joint Commission on Public Ethics), to impose fines and penalties against persons/organizations engaging in impermissible contacts about a governmental procurement and provides for the debarment of repeat violators;
- e) directed the Office of General Services to disclose and maintain a list of non-responsible bidders pursuant to this new law and those who have been debarred and publish such list on its website;
- f) required the timely disclosure of accurate and complete information from offerers with respect to determinations of non-responsibility and debarment; (Bidders responding to this RFP should submit a completed and signed **Attachment 1**, "Prior Non-Responsibility Determination".)
- g) increased the monetary threshold which triggers lobbyists obligations under the Lobbying Act from \$2,000 to \$5,000; and
- h) established the Advisory Council on Procurement Lobbying.

Subsequently, Chapter 14 of the Laws of 2007 amended the Lobbying Act of the Legislative Law, particularly as it related to specific aspects of procurements as follows: (i) prohibiting lobbyists from entering into retainer agreements on the outcome of government grant making or other agreement involving public funding; and (ii) reporting lobbying efforts for grants, loans and other disbursements of public funds over \$15,000.

The most notable, however, was the increased penalties provided under Section 20 of Chapter 14 of the Laws of 2007, which replaced old penalty provisions and the addition of a suspension option for lobbyists engaged in repeated violations. Further amendments to the Lobbying Act were made in Chapter 4 of the Laws of 2010.

Questions regarding the registration and operation of the Lobbying Act should be directed to the New York State Joint Commission on Public Ethics.

### **5.15 State Finance Law Consultant Disclosure Provisions**

In accordance with New York State Finance Law Section 163(4)(g), State agencies must require all contractors, including subcontractors, that provide consulting services for State purposes pursuant to a contract to submit an annual employment report for each such contract.

The successful bidder for procurements involving consultant services must complete a "State Consultant Services Form A, Contractor's Planned Employment from Contract Start Date through End of Contract Term" in order to be eligible for a contract.

The successful bidder must also agree to complete a "State Consultant Services Form B, Contractor's Annual Employment Report" for each state fiscal year included in the resulting contract. This report must be submitted annually to the Department of Health, the Office of the State Comptroller, and Department of Civil Service.

State Consultant Services Form A: Contractor's Planned Employment and Form B: Contractor's Annual Employment Report may be accessed electronically at: <http://www.osc.state.ny.us/agencies/forms/ac3271s.doc> and <http://www.osc.state.ny.us/agencies/forms/ac3272s.doc>.

### **5.16 Debriefing**

Pursuant to Section 163(9)(c) of the State Finance Law, any unsuccessful Bidder may request a debriefing regarding the reasons that the proposal or bid submitted by the Bidder was not selected for award. Requests for a debriefing must be made within fifteen (15) calendar days of release of the written or electronic notice by the Department that the Bid submitted by the Bidder was not selected for award. Requests should be submitted in writing to a designated contact identified in the award/non-award letter.

### **5.17 Protest Procedures**

In the event unsuccessful bidders wish to protest the award resulting from this RFP, bidders should follow the protest procedures established by the Office of the State Comptroller (OSC). These procedures can be found in Chapter XI Section 17 of the Guide to Financial Operations (GFO). Available on-line at: <http://www.osc.state.ny.us/agencies/guide/MyWebHelp/>

### **5.18 Piggybacking**

New York State Finance Law Section 163(10)(e) (see also <http://www.ogs.ny.gov/purchase/snt/sfixi.asp>) allows the Commissioner of the NYS Office of General Services to consent to the use of this contract by other New York State Agencies, and other authorized purchasers, subject to conditions and the Contractor's consent.

### **5.19 Encouraging Use of New York Businesses in Contract Performance**

Public procurements can drive and improve the State's economic engine through promotion of the use of New York businesses by its contractors. New York State businesses have a substantial presence in State contracts and strongly contribute to the economies of the state and the nation. In recognition of their economic activity and leadership in doing business in New York State, bidders/proposers for this contract for commodities, services or technology are strongly encouraged and expected to consider New York State businesses in the fulfillment of the requirements of the contract. Such partnering may be as subcontractors, suppliers, protégés or other supporting roles. All bidders should complete **Attachment 6**, Encouraging Use of New York Businesses in Contract Performance, to indicate their intent to use/not use New York Businesses in the performance of this contract.

## 5.20 Diversity Practices Questionnaire

Diversity practices are the efforts of contractors to include New York State-certified Minority and Women-owned Business Enterprises (“MWBES”) in their business practices. Diversity practices may include past, present, or future actions and policies, and include activities of contractors on contracts with private entities and governmental units other than the State of New York. Assessing the diversity practices of contractors enables contractors to engage in meaningful, capacity-building collaborations with MWBEs.

Accordingly, respondents to this procurement may include as part of the technical proposal response to this procurement, as described in this RFP herein, the Diversity Practices Questionnaire, **Attachment 10**, as provided by the Division of Minority and Women’s Business Development for evaluation.

## 5.21 Participation Opportunities for NYS Certified Service-Disabled Veteran-Owned Businesses

Article 17-B of the New York State Executive Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses (“SDVOBs”), thereby further integrating such businesses into New York State’s economy. DOCCS recognizes the need to promote the employment of service-disabled veterans and to ensure that certified service-disabled veteran-owned businesses have opportunities for maximum feasible participation in the performance of DOCCS contracts.

In recognition of the service and sacrifices made by service-disabled veterans and in recognition of their economic activity in doing business in New York State, Bidders/Contractors are strongly encouraged and expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles.

For purposes of this procurement, DOCCS conducted a comprehensive search and determined that the Contract does not offer sufficient opportunities to set specific goals for participation by SDVOBs as subcontractors, service providers, and suppliers to Contractor. Nevertheless, Bidder/Contractor is encouraged to make good faith efforts to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials. The directory of New York State Certified SDVOBs can be viewed at: <https://ogs.ny.gov/veterans/>

Bidders are encouraged to contact the Office of General Services’ Division of Service-Disabled Veteran’s Business Development at 518-474-2015 or [VeteransDevelopment@ogs.ny.gov](mailto:VeteransDevelopment@ogs.ny.gov) to discuss methods of maximizing participation by SDVOBs on the Contract.

Bidders should review this executive order prior to submitting proposals. You may access the executive order on the Governor’s Web site: <https://www.governor.ny.gov/news/no-26-statewide-language-access-policy>. New York State Labor Law § 201-g provides requirements for such policy and training and directs the Department of Labor, in consultation with the Division of Human Rights, to create and publish a model sexual harassment prevention guidance document, sexual harassment prevention policy and sexual harassment prevention training program that employers may utilize to meet the requirements of New York State Labor Law § 201-g. The model sexual harassment prevention policy, model sexual harassment training materials, and further guidance for employers, can be found online at the following URL: <https://www.ny.gov/combating-sexual-harassment-workplace/employers>

Pursuant to New York State Finance Law § 139-l, any bid by a corporate bidder containing the certification required above shall be deemed to have been authorized by the board of directors of such bidder, and such authorization shall be deemed to include the signing and submission of such bid and the inclusion therein of such statement as the act and deed of the bidder.

If the Bidder cannot make the required certification, such Bidder shall so state and shall furnish with the bid a signed statement that sets forth in detail the reasons that the Bidder cannot make the certification. After review and consideration of such statement, DOCCS may reject the bid or may decide that there are sufficient reasons to accept the bid without such certification.

## 5.27 Breach of Services

In the event of any material breach of service by the contractor, the Department shall give written notice specifying the material breach. If such written notice of material breach is given and the contractor does not correct the breach to DOCCS satisfaction within thirty (30) days after receipt of the written notice, DOCCS shall have the right to unilaterally and immediately terminate the contract and seek a replacement provider in order to maintain services without penalty to DOCCS.

Upon termination or reduction of the Agreement, all remaining funds paid to the Contractor that are not subject to allowable costs already incurred by the Contractor shall be returned to the State. In any event, no liability shall be incurred by the State beyond monies available for the purposes of the Agreement. The Contractor acknowledges that any funds due to the State because of disallowed expenditures after audit shall be the Contractor's responsibility.

## 8.0 METHOD OF AWARD

### 8.1 General Information

DOCCS will evaluate each proposal based on the “Best Value” concept. This means that the proposal that best “optimizes quality, cost, and efficiency among responsive and responsible offerers” shall be selected for award (State Finance Law, Article 11, §163(1)(j)).

DOCCS at its sole discretion, will determine which proposal(s) best satisfies its requirements. DOCCS reserves all rights with respect to the award. All proposals deemed to be responsive to the requirements of this procurement will be evaluated and scored for technical qualities and cost. Proposals failing to meet the requirements of this document may be eliminated from consideration. The evaluation process will include separate technical and cost evaluations, and the result of each evaluation shall remain confidential until evaluations have been completed and a selection of the winning proposal is made.

Each region will be awarded separately.

The evaluation process will be conducted in a comprehensive and impartial manner, as set forth herein, by an Evaluation Committee. The Technical Proposal and compliance with other RFP requirements (other than the Cost Proposal) will be weighted **75%** of a proposal's total score and the information contained in the Cost Proposal will be weighted **25%** of a proposal's total score.

Bidders may be requested by DOCCS to clarify the contents of their proposals. Other than to provide such information as may be requested by DOCCS, no Bidder will be allowed to alter its proposal or add information after the Deadline for Submission of Proposals listed in [Section 1.0](#) (Calendar of Events).

In the event of a tie, the determining factors for award, in descending order, will be:

- 1) lowest cost; and
- 2) proposed percentage of MWBE participation.

### 8.2 Submission Review

DOCCS will examine all proposals that are received in a proper and timely manner to determine if they meet the proposal submission requirements, as described in [Section 6.0](#) (Proposal Content) and [Section 7.0](#) (Proposal Submission), including documentation requested for the Administrative Proposal, as stated in this RFP. Proposals that are materially deficient in meeting the submission requirements or have omitted material documents, in the sole opinion of DOCCS, may be rejected.

### 8.3 Technical Evaluation

The evaluation process will be conducted in a comprehensive and impartial manner. A Technical Evaluation Committee comprised of subject matter experts will review and evaluate all proposals. A separate Evaluation Committee comprised of DOCCS MWBE staff will review and evaluate all Diversity Practices Questionnaires.

Proposals will undergo a preliminary evaluation to verify Minimum Qualifications Proposed in [Section 3.1](#).

All Evaluation Committee members will independently score their respective section that meets the submission requirements of this RFP. The individual scores will be averaged to calculate the Technical Score for each responsive Bidder.

The technical evaluation is **75% (up to 75 points)** of the final score.

#### **8.4 Cost Evaluation**

The Cost Evaluation Committee will examine the Cost Proposal documents. The Cost Proposals will be opened and reviewed for responsiveness to cost requirements. If a cost proposal is found to be non-responsive, that proposal may not receive a cost score and may be eliminated from consideration.

The Cost Proposals will be scored based on a maximum weighted score of 25 points. The maximum cost score will be allocated to the proposal with the lowest all-inclusive not-to-exceed maximum price. All other responsive proposals will receive a proportionate score based on the relation of their Cost Proposal to the proposals offered at the lowest final cost, using this formula:

$$C = (A/B) * 25\%$$

A is Total price of lowest cost proposal;

B is Total price of cost proposal being scored; and

C is the Cost score.

The cost evaluation is **25% (up to 25 points)** of the final score.

#### **8.5 Composite Score**

A composite score will be calculated by the DOCCS by adding the Technical Proposal points and the Cost points awarded. Finalists will be determined based on composite scores.

#### **8.6 Reference Checks**

The Bidder should submit references using **Attachment 9** (References). At the discretion of the Evaluation Committee, references may be checked at any point during the process to verify bidder qualifications to propose ([Section 3.0](#)).

#### **8.7 Best and Final Offers**

NYSDOCCS reserves the right to request best and final offers. In the event NYSDOCCS exercises this right, all bidders that submitted a proposal that are susceptible to award will be asked to provide a best and final offer. Bidders will be informed that should they choose not to submit a best and final offer, the offer submitted with their proposal will be construed as their best and final offer.

#### **8.8 Award Recommendation**

The Evaluation Committee will submit a recommendation for award to the Finalist(s) with the highest composite score(s) whose experience and qualifications have been verified.

The Department will notify the awarded Bidder(s) and Bidders not awarded. The awarded Bidder(s) will enter into a written Agreement to provide the required services as specified in this RFP. The resultant contract shall not be binding until fully executed and approved by the New York State Office of the Attorney General and the Office of the State Comptroller.

#### **8.9 Conditional Award**

The award will be made conditionally to the highest composite (Technical/Cost) scoring, via the process delineated in RFP [Section 8.0](#) Method of Award for each region, pending the following:

- NCCHC accreditation submitted to DOCCS no later than 30 calendar days following notification of an award.
