

IFB 2023-24 Official Responses to Questions

Question Number	IFB Section	Questions Received in Writing	DOCCS' Responses to Questions
1	Page 23, Service Requirements	Per the service requirements, it lists abilities to perform ALS and BLS ambulance services as well as wheelchair and stretcher van services. Our county EMS system does not provide wheelchair or stretcher van transport services, only ALS and BLS ambulance services. Is this contract contingent on the ability to provide all four services, or are we eligible to still respond to the bid for the ALS and BLS level ambulance services?	Please review IFB 2023-24, wheelchair and stretcher needs must be accommodated when needed.
